Authors, sources of pictures:

9. Place of birth and place of residence of the people born abroad and living in Hungary	49
10. Settlements with the highest number of foreigners and people born abroad (2020)	49
11. People born in Hungary and living in the countries of Europe	50
12. Asylum seekers and refugees (1989–2019)	50
13. Changes in the number of internal migrants per 1,000 inhabitants (1960–2019)	51
14. Balance of internal migration by type of settlements (1960–2019)	51
15. Internal migration (1990–2000)	51
16. Internal migration (2001–2010)	51
17. Internal migration (2011–2019)	52
18. Locally born resident population	53
19. Mobility around large and medium-sized cities (suburbanisation zones, 1998–2002)	53
20. Number and proportion of commuters (1960–2016)	54
21. Daily commuters (2011)	54
22. Changes in the proportion of daily commuters (2011–2016)	55
23. Daily commuters (2016)	55
24. Proportion of commuters at each level of settlement hierarchy (2011)	55
25. Number and proportion of out-commuters at each level of the settlement hierarchy (1990–2011)	55
26. Decreasing commuting and high level of unemployment	56
27. Commuters abroad	56
28. Age structure and educational level of commuters abroad	57
29. Commuters to different settlements	57

POPULATION STRUCTURES SEX AND AGE COMPOSITION

1. Changes of selected indicators of sex and age structure (1910–2020)	58
2. Femininity index by main age groups (1910–2020)	58
3. Femininity index in the Carpatho–Pannonian Area	59
4. Femininity index	59
5. Change of the ageing index in the countries of the Carpathian Basin (1950–2018)	59
6. Age structure of population (1949, 1990, 2020, 2070)	60
7. Dependency ratios, ageing index (1910–2020)	60
8. Children in the Carpatho–Pannonian Area	60
9. Children	61
10. Elderly in the Carpatho–Pannonian Area	61
11. Median age in the Carpatho–Pannonian Area	61
12. Elderly	62
13. Population of aged 15–64 in the Carpatho–Pannonian Area	62
14. Population in 15–64 age category	62
15. Ageing index in the Carpatho–Pannonian Area	63
16. Ageing index	63
17. Main age groups and the Billeter index	63

MARITAL STATUS AND HOUSEHOLDS

1. Number and distribution of population aged 15 and over according to marital status (1910–2020)	64
2. Total first marriage rate of women and the total divorce rate (1970–2019)	64
3. Proportion of cohabitants in the population aged 15 and over (%; 1990–2016)	65
4. Marital status by sex and age (1980, 2020)	65
5. Marital status of the population in the Carpatho–Pannonian Area	65
6. First marriage of women (1980, 2019)	66
7. Average age at the first marriage	66
8. Married in the Carpatho–Pannonian Area	66
9. Married	66
10. Cohabitants in the Carpatho–Pannonian Area	67
11. Unmarried in the Carpatho–Pannonian Area	67
12. Unmarried	67
13. Divorced in the Carpatho–Pannonian Area	67
14. Divorced	68
15. Widowed in the Carpatho–Pannonian Area	68
16. Widowed	68
17. Household size, number of persons per 100 households (1980–2016)	68
18. Households by size and type	69
19. Households and children	69
20. Single-person households (1980–2016)	69
21. Single-person households	69

ETHNICITY, LANGUAGE

1. Development of the ethnic–lingual structure of population in the Carpathian Basin (1495–2011)	70
2. Development of the ethnic-lingual structure of population on the present territory of Hungary (1910–2016)	70

3. Hungarians in Cluj-Napoca (Kolozsvár)	71
4. Hungarians in Targu Mures (Marosvásárhely)	71
5. Linguistic map of the Carpathian Basin (1910)	72
6. Ethnic map of the Carpathian Basin (2011)	73
7. Native Hungarian speakers in the Carpathian Basin	74
8. Roma population in the Carpatho–Pannonian Area	75
9. Roma population in the Carpathian Basin	75
10. Ethnic and national minorities	77

RELIGION

1. Development of the religious structure of population in the Carpathian Basin (1910–2011)	78
2. Development of the religious structure of population on the present territory of Hungary (1910–2011)	78
3. Map of religions in the Carpathian Basin (1910)	79
4. Map of religions in the Carpathian Basin (2011)	80
5. Religious diversity	81
6. Religious structure of population in the regions of the Carpathian Basin (2011)	81
7. Religious, denominational affiliation of the population in the Carpatho–Pannonian Area	82
8. Religious, denominational affiliation of the population	82
9. Roman Catholics	82
10. Lutherans, Greek Catholics, Orthodox Christians	83
11. Reformed (Calvinists)	83
12. Jews in the Carpatho–Pannonian Area (1910)	83

EDUCATIONAL STRUCTURE

1. Literacy (1910)	84
2. Number and proportion of illiterates (1910–2016)	84
3. Number and proportion of the population older than 7 years of age by highest educational attainment (1920–2016)	85
4. Population without primary educational attainment	85
5. Population with higher educational attainment	86
6. Number of school grades completed	86
7. Educational level of the population by sex	87
8. Participation in education up to age 30, by age and sex	87
9. Secondary school diploma (matura) in the Carpatho–Pannonian Area	87

ECONOMIC ACTIVITY

1. Active earners in the Carpatho–Pannonian Area	88
2. Changes in economic activity and unemployment rates (2001–2011)	88
3. Changes in economic activity and unemployment rates (2011–2016)	88
4. Economic activity and unemployment rates	89
5. Economic activity of the population by age and sex (2011, 2016)	89
6. Changing structure of the population by economic activity (1920–2016)	89
7. Employees and unemployed population	90
8. Educational level of employees and unemployed population	90
9. Economic activity of the population by settlement types (2011, 2016)	91
10. Changing structure of employees by economic sectors (1920–2016)	91
11. Population by economic activity (2016)	91
12. Economic structure of employees by sectors	92
13. Employees by major groups of occupations	93
14. Changes in the number and proportion of unemployed population (1990–2019)	93
15. Unemployment in the Carpatho–Pannonian Area	93
16. Qualification level of unemployed population	94
17. Distribution of the unemployed according to the time elapsed since the last occupation was terminated	94
18. Inactive earners by age groups	95
19. Inactive earners aged 15–65 by highest level of education	95
20. Dependents by age groups	95

SOCIAL STRATIFICATION

1. 'Pearl model' of the Hungarian society	96
2. Development of income disparities (Gini index) in the countries of the Carpatho–Pannonian Area	96
3. Income polarisation (bottom decimal)	96
4. Income polarisation (upper decimal)	97
5. Poverty by settlement categories (2011–2019)	97
6. Changes in number of students in higher education (1990–2019)	97
7. People with severe material deprivation	97
8. People living in poverty and social exclusion	97
9. People living in relative income poverty	97
10. Employees of the public works programme	98
11. Managers in the Carpatho–Pannonian Area	98
12. Students in higher education	99
13. Change in per capita income based on personal income tax	99

14. Households with private pension savings	99
15. Income inequalities	100
16. Per capita income based on personal income tax	100
17. Deprivation index	101
18. Civilization index	101
19. Social catching-up projects	101
20. Beneficiary areas and underdeveloped settlements	101

HISTORY OF SETTLEMENTS

1. Settlements at the end of the 11th century	102
2. Settlements at the end of the 15th century	102
3. Szeged and Sopron at the beginning of the 16th century	103
4. Settlements (1650)	103
5. Change of the settlement system in the early 20th century area of Csanád County (1498–2020)	104
6. Settlements (1784–1787)	105
7. Settlements (1910)	106
8. Urban hierarchy (1910)	107
9. Settlements close-up in the 18th century	107

SETTLEMENT SYSTEM

1. Distribution of settlements and their population by size categories in the Carpathian Basin (2018)	108
2. Settlement density in the Carpatho–Pannonian Area	109
3. Size of settlements in the Carpathian Basin	109
4. Settlement system in the Carpathian Basin	110
5. Settlement system	112
6. Some special settlements	113
7. Settlements in the system of public administration	114
8. Settlements without kindergartens	115
9. Settlements without restaurant and buffet	115

URBAN SETTLEMENTS

1. Changes in the number and proportion of urban population (1857–1910)*	116
2. Urban settlements in the Carpathian Basin	117
3. Cities with more than 50 thousand inhabitants in the Carpathian Basin	118
4. Population change of the urban settlements in the Carpathian Basin (1990–2018)	119
5. Population change of selected cities (1869–2018)	119
6. Change in the territory of selected cities	120
7. Hierarchy of urban settlements	121
8. Types of urban settlements (1949)	122
9. Types of urban settlements (2020)	122
10. Development dynamics of urban settlements	123
11. Internal functional-morphological structure of selected cities	124
12. Some high-rank institutions in the urban system	125
13. Catchment area of Nyíregyháza (1968, 2018)	126
14. Agglomerations	126
15. Creative cities	127

BUDAPEST AND ITS REGION

1. Functional zones	128
2. Area and population of the functional zones (2011)	129
3. Population change	129
4. Population density	129
5. Proportion of population aged 0–14 years	129
6. Proportion of population aged 65 years and over	129
7. Ageing index	130
8. Change of the ageing index	130
9. Age structure of the population by zones (2011)	130
10. Proportion of one-person households	130
11. Structure of households by zones (2011)	131
12. Proportion of the population with a Roma (Gypsy) ethnic affiliation	131
13. Proportion of the population with a religious affiliation	131
14. Proportion of the population with higher educational attainment	131
15. Changes in the proportion of the population with higher educational attainment	131
16. Number of school grades completed	131
17. Distribution of the population according to educational attainment by zones (2011)	132
18. Economic activity rate	132
19. Unemployment rate	132
20. Combined proportion of managers and professionals in the locally resident employees	132
21. Combined proportion of workers of ISCO-08 major groups 7, 8, 9 in the locally resident employees	132
22. Changes in the combined proportion of managers and professionals in the locally resident employees	132
23. Employment conditions by zones (2011)	133
24. Proportion of inhabited dwellings built before 1945	133
25. Proportion of inhabited dwellings built between 1945 and 1990	133

26. Proportion of inhabited dwellings built between 1991 and 2011	133
27. Age structure of inhabited dwellings by zones (2011)	134
28. Changes in the number of inhabited dwellings and their ownership by zones (2011)	134
29. Proportion of municipally owned, inhabited dwellings	134
30. Proportion of single-room inhabited dwellings	134
31. Residential floor space per inhabitant	135
32. Proportion of non-inhabited dwellings	135
33. Proportion of residents moving into their current dwellings between 2001 and 2011	135
34. Locations of urban rehabilitation and dynamic urban development	135
35. Territorial development of the Budapest agglomeration	136
36. Growth of urbanised surfaces between 1990 and 2012	136
37. Functional spatial structure of the Budapest agglomeration	137
38. Population change	137
39. Natural increase, decrease	138
40. Migration balance	138
41. Proportion of the population with higher educational attainment	138
42. Proportion of those working in Budapest within the out-commuters	138
43. Proportion of residents of Budapest within the in-commuters	138
44. Proportion of inhabited dwellings built between 1991 and 2011	139
45. Number of dwellings built between 2001 and 2011 per 1,000 inhabitants	139
46. Proportion of inhabited dwellings with four or more rooms	139
47. Average price of second-hand dwellings	139
48. Change in the average price of second-hand dwellings	139

RURAL AREAS

1. Agrarian population	140
2. Relative agricultural dependency	141
3. Presence of basic functions in villages	142
4. Dynamics of rural settlements	142
5. Functional types of villages	143
6. Service provision in an area with tiny villages (districts of Letenye and Lenti)	144
7. Scattered settlements (1910)	144
8. Population on the outskirts (1949)	145
9. Population on the outskirts (2011)	145
10. Changes in the number of population on outskirts (1949–2011)	145
11. The number and population of manor farmsteads in Somogy County (1949–2011)	146
12. Complex types of villages	146
13. Rural landscapes	148
14. Some population data of rural landscapes (2011)	148
15. Villages, tanyas in focus	149

LIVING CONDITIONS, QUALITY OF LIFE HUMAN SIDE OF LIVING CONDITIONS AND QUALITY OF LIFE

1. Healthy life years expected at birth in Europe	150
2. Healthy life years expected at birth (males and females, 2018)	151
3. Main causes of death	151
4. Circulatory system diseases	152
5. Cancerous diseases	152
6. Smoking and alcohol consumption	152
7. Health behaviour and risk factors (2014)	152
8. Limitation due to chronic diseases	153
9. Limitation due to health reason	153
10. Satisfaction with life and living conditions	153
11. Mental well-being	153
12. Subjective assessment of health	153
13. Use of general practitioner and paediatric care (2005–2018)	153
14. Use of general practitioner and paediatric care	153
15. Use of inpatient hospital care	154
16. Covid-19 pandemic in the countries of the Carpatho–Pannonian Area (26. 02. 2020–01. 04. 2021)	155
17. Covid-19 pandemic in Europe (26. 02. 2020–01. 04. 2021)	155
18. Covid-19 pandemic in the Carpatho–Pannonian Area (26. 02. 2020–01. 04. 2021)	155
19. Recipients of regular social benefits	156
20. Changes in the number of recipients of certain types of social benefits (2006–2018)	156
21. Recipients of disability benefits	156
22. Subjective net income expectations of households (2019)	157
23. Energy expenditure of households	157
24. Supply of households with consumer durable goods (2018)	157
25. Cars in the Carpatho–Pannonian Area	158
26. Grammar school and vocational grammar school students	158
27. English speakers	158
28. Participants in cultural events	159
29. Dwellings connected to the cable television network	159
30. Subscriptions to broadband internet	159

LIVING CONDITIONS, QUALITY OF LIFE SETTLEMENT SIDE OF LIVING CONDITIONS AND QUALITY OF LIFE

HOUSING CONDITIONS	
1. Owner-occupied dwellings in the Carpatho–Pannonian Area	160
2. Vacant dwellings in the Carpatho–Pannonian Area	160
3. Residential density in the Carpatho–Pannonian Area	161
4. Dwellings built before 1945 in the Carpatho–Pannonian Area	161
5. Dwellings built between 1991 and 2011 in the Carpatho–Pannonian Area	161
6. Average size of dwellings in the Carpatho–Pannonian Area	162

7. Dwellings without bathrooms in the Carpatho–Pannonian Area	162
8. Inhabited and non-inhabited dwellings (1920–2016)	162
9. Number of newly built dwellings according to (state and private) builder (1951–2019)	163
10. Changes in number of dwellings by settlement size categories (1970–1990–2011)	163
11. Number of new dwellings (built between 1991 and 2011) per 1,000 inhabitants by settlement size categories (2011)	163
12. Proportion of vacant dwellings by settlement size categories (2011)	163
13. Vacant dwellings	163
14. Dwellings built before 1960	164
15. Dwellings built between 1991 and 2011	164
16. Dwellings with adobe walls	164
17. Prefabricated concrete-walled dwellings	165
18. Average size of newly built dwellings (1971–2019)	165
19. Average size of inhabited dwellings by settlement size categories (2011)	165
20. One-room dwellings	166
21. Overcrowded dwellings	166
22. Dwellings with low residential density	166
23. Dwellings occupied by one person	167
24. Dwellings occupied by five or more persons	167
25. Proportion of dwellings equipped with basic utilities and modern heating (%; 1990, 2011)	167
26. Dwellings without bathrooms	168
27. Overcrowded dwellings without bathrooms	168
28. Renovated dwellings	168
29. Dwelling sales	169
30. Housing market price index (2008–2019, 2015=100%)	169
31. Change in average price of second-hand dwellings	169
32. Average price of second-hand dwellings	169

MUNICIPAL ENVIRONMENT	
1. Green and blue spaces per capita	170
2. Number of tropical nights in Szeged	170
3. Heat stress on a playground in Szeged	171
4. Exposure to environmental hazards	171
5. Unpaved roads and public spaces	171
6. Dwellings connected to the sewerage network in the Carpatho–Pannonian Area	172
7. Social catering services	172
8. Permanently vacant general practitioner and paediatric services	172
9. Access to primary and outpatient specialist care	173
10. Change in the number of hospital beds (1980–2018)	173
11. Availability of the nearest hospital	173
12. Fastest available ambulance stations	174
13. Availability of the nearest grammar school	174
14. Commercial supply	174
15. Change in the number of personal injuries from road accidents (1990–2019)	175
16. Road accidents in the Carpatho–Pannonian Area	175
17. Regional distribution of the frequency of certain crime types (2018)	175
18. Registered crimes in the Carpatho–Pannonian Area	175
